POWER OF THE COMMUNITY

What is bootstrapping?

Bootstrapping refers to the efforts of an entrepreneur to start a business using his own assets as the source of capital

PowerApps Community Plan

Any individual can use PowerApps Community Plan

- For learning and building skills
- Creating their own apps and flows
- Distributing the apps and flows created on AppSource

PowerApps Community Plan Benefits

- DIY Apps and Flow to boost productivity
- Limitless iteration of MVP (Minimum Viable Product)
- Ability to create one PowerApps Portal
- Access to Common Data Service

Building your own brand

- Your own domain name
- Your own website
- Your own custom email address
- Build your social proof and social media presence

Brand building essentials from Microsoft Stack
